09495635655

Full-Stack Developer and 4th-year BS Information Technology student specializing in modern web systems, native Android applications, geospatial telemetry, and interactive game architecture. Seeking an internship or junior developer role to engineer dependable, high-impact software solutions.

EDUCATIONAL BACKGROUND

Bulacan State University - Hagonoy Campus 2022-2027 (Current)
Bachelor of Science in Information Technology (BSIT 4A-G1)

TECHNICAL SKILLS

- **Development:** Full-Stack Web (React 19, Node.js, Express), Native Android (Java, CameraX, ZXing QR)
- **Programming:** Java, JavaScript (ES6+), C# (Unity 6), SQL, Python, HTML5, CSS3
- **Database:** Database Design & Normalization, MongoDB, Mongoose, MySQL, PostgreSQL
- **Telemetry & GIS:** Leaflet.js, MapLibre SDK, GeoJSON Polygon Corridors, InSAR Subsidence Modeling, GPS Geofencing
- **Security & Bridge:** JWT Auth, OTP Verification, bcrypt, REST API Bridge Pipelines, Server-Sent Events (SSE)
- **Project Management:** Agile Methodologies, Sprint Planning, Jira, Trello, Git/GitHub Workflows
- **Tools & Quality:** Android Studio, Unity Engine, VS Code, Git, Playwright E2E Automated Testing, Debugging

CORE COMPETENCIES

- Full-Stack Web & Mobile Architecture
- Real-World Problem Solving & Technical Debugging
- Systems Analysis & Database Design
- Cross-Platform Data Synchronization & Bridge APIs
- Clean Code Principles & Technical Documentation
- Attention to Detail & Agile Team Execution

ACADEMIC PROJECTS

YTO Express — Admin & Dispatch Web Portal (Capstone 1 & 2)
• Technologies: React 19, Vite, Tailwind CSS, Node.js, Express, MongoDB, Leaflet GIS, Server-Sent Events

YTO Express — Courier, Seller & Tracking Mobile App (Capstone 1 & 2)
• Technologies: Native Java Android, MapLibre SDK, CameraX, ZXing QR Scanner, 20m Geofencing

Hagonoy GroundWatch — Civic Subsidence GIS Telemetry Platform
• Technologies: React 19, Leaflet.js, InSAR Geodesy, 26-Barangay Corridors, Playwright E2E Testing

Slime Food Drop — 120 FPS Unity 2D Mobile Arcade Game
• Technologies: Unity 6 (6000.3.0f1), C#, Android SDK, IL2CPP ARM64 Native Compilation, 2D Physics
